

## **QUALITY POLICY STAYER GROUP**

The companies that make up GRUPO STAYER: STAYER IBÉRICA and IMAPORT, focused on the assembly and commercialization of professional and DIY tools for the construction sector, and ABRASIVOS GRINDING, dedicated to the design, manufacturing, and commercialization of abrasive discs and cutting discs, are aware of and assume our commitment to quality, which is materialized in the following fundamental principles that constitute our Quality Policy:

- Committing to the continuous improvement of the Management System, ensuring compliance with applicable requirements, whether derived from our customers and stakeholders or other legal and regulatory requirements.
- Ensuring the satisfaction of our customers and stakeholders in the performance of our activities.
- Establishing objectives and goals focused on the progressive improvement of quality management in our activities within the scope of the Management System.
- Maintaining effective communication, both internally among the different levels of our business group, as well as with customers, suppliers, and associates.
- Assessing and ensuring the technical competence of our personnel, as well as ensuring their proper motivation for participation in the continuous improvement of our processes.
- Ensuring the proper condition of facilities and adequate equipment in correspondence with the company's activity, objectives, and goals.
- Ensuring an analysis of all relevant processes, establishing appropriate improvements in each case, based on the results obtained and the established objectives.

These principles are assumed by the Senior Management of GRUPO STAYER, who provide the necessary means and allocate sufficient resources to their employees for understanding and compliance, embodying them and making them publicly known through this Quality Policy.
