

## PENDULAR RECIPROCATING SAW

### SS 280 P

#### ADVANTAGES

- Pendular reciprocating saw, equipped with a powerful S1 (constant service) 1200W motor.
- Universal blade insertion with a quick saw change system.
- Adjustable pendular movement for maximum performance, using lower speeds for better a finish. The bigger the pendular movement is the faster and rougher the cut will be.
- Electronic 6 speeds regulator to match every work condition. High speeds are indicated for soft materials where the finish os not relevant, while low speeds are used for hard materials, leaving a cleaner finish.
- Suitable for all kinds of materials depending on the used saw: metals, wood, laminated floors, plástic, brick and fibre glass.
- Rubber coated housing for acomfortable, safe and vibration-free grip.
- Tool-free adjustable depth regulator and support.
- L.E.D worklight for dark workspaces.

#### DATA SHEET

Power	1200 W
No load speed	800-2800 min <sup>-1</sup>
Saw displacement	28 mm
Max wood cutting	230 mm.
Máx steel cutting	25 mm.
Máx aluminum cutting	35 mm.
Máx PVC/ profiles & pipes cutting	100 mm.
Weight	3.7 Kg.

#### INCLUDED

- 2 saw blades
- Depth regulator
