

PROFESSIONAL DIE GRINDER SD 27 CE

ADVANTAGES

- Powerful (750W) die grinder with speed regulator for $\varnothing 6$ / $\varnothing 6.3$ / $\varnothing 8$ mm burrs and mounted points.
- Soft start: The tool reaches its maximum speed 2 seconds after being switched on.
- Electronic speed regulator: from 10.000 up to 30.000 rpm.
- Built-in tacometer that allows the tool to keep a constant speed even under heavy duty works.
- 3 collets included to be able to use $\varnothing 6$ / $\varnothing 6.3$ (1/4") / $\varnothing 8$ mm accessories coupled with the tool.
- Powerful 750W motor with an optimal long lifespan thanks to its dust resistance.
- Electronic system to limit the input current allowing the tool to keep a constant speed even on low rpm.
- Safety system to avoid unintended triggerings or triggerings after a blackout: the tool won't switch on by itself once the power comes back.
- Ergonomic and compact design aimed at all kinds of sanding and roughing. Optimal refrigeration for a reduced tool heating.
- Specially meant to rough weld beads, polish and shine all kind of metal materials, wood, paint, remove metal burrs and sharpen tools.
- Ideal for corundum mounted points, flap wheels, hard metal burrs & brass brushes.
