

## HIGH PRESSURE WATER CLEANER

### HLC 2000

#### ADVANTAGES

- Portable high pressure cleaner with powerful 2000W S1 (continuous duty) motor and a maximum pressure of 150bar.
- The pressure washer can be used both horizontally and vertically thanks to its 4 wheels. In horizontal position it is very stable and low vibration for working on scaffolding.
- Automatic Stop Protection System (TSS - Total Stop System). The pump automatically shuts off when the trigger is not pulled to prevent continuous damage to the motor and extend the life of the pump.
- Gun with safety lock switch to prevent unintentional use; quick connection to the hose. Includes 3 nozzles, angled for hard-to-reach areas, adjustable fan and turbo for maximum pressure.
- Tool holder for easy transport.
- Water particle filter prevents dirt and unwanted particles from entering with the water, thus extending the life of the machine.
- Sturdy wheels and carrying handle for maximum ease of use.
- Integrated soap tank.
- Water flow regulator.

#### DATA SHEET

Power	2000 W
Flowrate	6.7 l/min
Max pressure	150 Bar
Max. water input pressure	4 Bar
Work pressure	130 Bar
Class protection	IPX5
Weight	12.9 kg

#### INCLUDED

- Particulate filter
- Gun
- Connector
- Angle nozzle
- Fan nozzle
- Turbo nozzle
