

ORBITAL SANDER 3 PLATES

LOM 130 3P

ADVANTAGES

- Compact orbital sander with a 190W motor for wood and drywall sanding.
- Specially designed to be comfortably used with only one hand to access difficult work areas.
- Suitable for damp surfaces sanding.
- Optimal refrigeration to increase the tool's lifespan.
- Ergonomic anti vibrations handle.
- Special protection against dust on the plate and motor connection to increase the tool's lifespan.
- Double fixing system: clamps and reinforced exchangeable self adhering plates to avoid the sanding sheet breaking during the job.
- Ready for dust extraction, the tool may be connected to a vacuum cleaner. Dust collecting bag included.
- 3 self adhering plates included with an easy exchange system, with 8 dust extraction holes.
 - Rectangular plate (85 x 135 mm).
 - Delta plate (89 x 225 mm) for corners and difficult access areas.
 - Double face plate (Face A 85 x 200 mm) (Face B 85 x 60 mm). The only plate on the market designed to sand in narrow spaces using both faces simultaneously, specially designed for wood blinds.
