

ORBITAL SANDER

LOM 180

ADVANTAGES

- Orbital sander with a 260W motor for wood & drywall sanding.
- Aluminum base for a higher endurance and lightness.
- safety switch to avoid unintentional activations and accidents.
- Optimal refrigeration to reduce work heat, extending the tool's work time and lifespan.
- Rubber ergonomic handle to reduce vibrations.
- Double sanding sheets fixing system: with clamps or reinforced self adherent plate to avoid the sheet breaking during the sanding.
- Ready for dust extraction, dust tank included.

FEATURES

Power	260	W
No load speed	12000	min ⁻¹
Plate size	90 x 185	mm
Orbit	2	mm
Weight	1.7	Kg

EQUIPMENT

- Rectangular plate 90 x 185 mm
- Dust tank
- Sanding sheet 90 x 185 mm
