

ROTARY HAMMER SDS PLUS

MH 26 K

ADVANTAGES

- Lightweight professional rotary hammer with SDS PLUS insert for construction, building, renovation and demolition work with 4 functions:

- 1- Rotary: for drilling in wood, metal and plastic.
- 2- Rotary with percussion: for drilling holes in construction materials.
- 3- Chisel: without rotation, impact only for chipping stone and building materials.
- 4- Vario-Lock: choose the position of the chisel according to the task to be carried out.

- Electronic speed regulator on the switch to suit the material to be worked.

- Auxiliary handle with adjustable depth stop.

- Safety clutch to release the gears in case of drill blockage, protecting the motor.

- Reversible.
