

TELESCOPIC MITRE SAW Ø315 mm SCR 315 W

ADVANTAGES

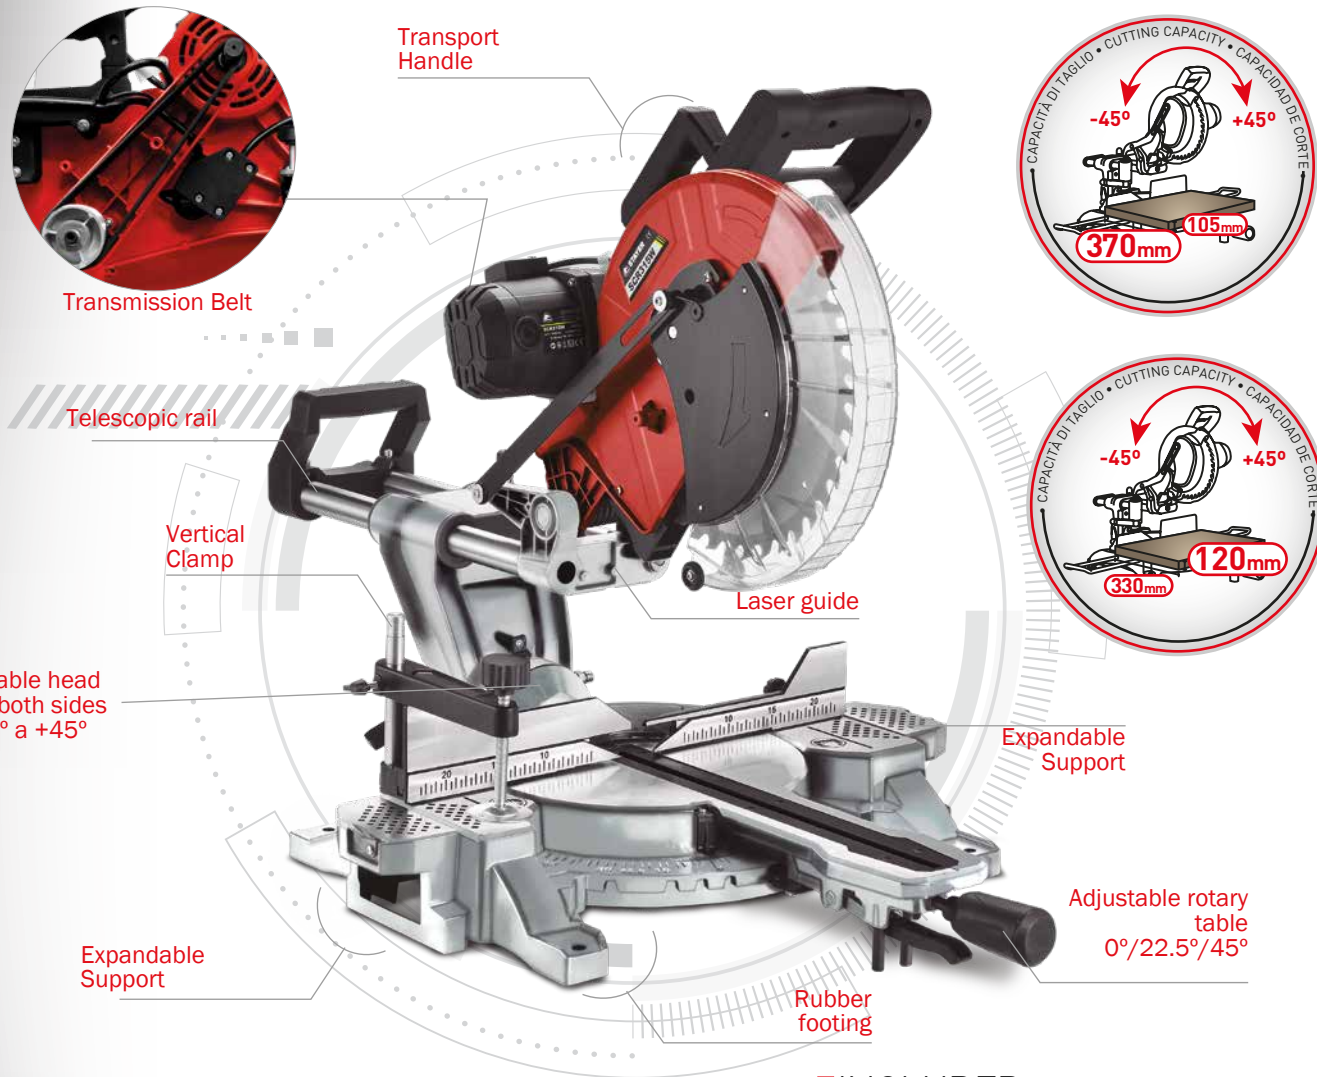

- Telescopic mitre saw with high cutting capacity, up to 370 mm in length and 120 mm in height.
- Powerful 1800W belt drive motor, which significantly reduces noise and improves the quality of work.
- Solid aluminium base, robust and light machine.
- Tilting head adjustable by degrees on both sides, bevel cutting to the right and left, allowing cuts from -45° to +45°.
- Precision laser guide to improve the quality of the cut.
- Adjustable cutting depth for mortising.
- Prepared for the connection of an external dust extraction system to keep the working space clean and uncluttered.
- Predisposed for mounting vertical clamps for better clamping of the workpiece.
- Extendable lateral supports to improve cutting stability on large workpieces.
- Adjustable rotating base by degrees, preset to lock at 0° / 22.5° / 45°.
