

CORDLESS DUAL MIXER

DM L20

ADVANTAGES

- 18V cordless dual mixer, with 2 concentric helixes that spin opposed to each other.
- The upper helix spins rightwards (clockwise)
- The lower helix spins leftwards (counter clockwise)
- New inverted spinning system.
- Compact & balanced, with double handle to counter the dual helix movement, granting stability during the mix.
- Mixes paint, cement, plaster. Fast mixing thanks to the dual helix.
- STAYER Li-ion HIGH-TECH Battery, from the L20 Series with overload, battery discharge, overheating and short circuit protections. LED battery level charge.
- Equivalent power to a 1200W electric mixer.
- No cable issues or worries thanks to the 18V de Li-ion battery.
- 2 mechanical speeds to adapt to paint or cement
- 6 Electronic speeds regulator to adjust the mixing speed.
