

## CORDLESS RECIPROCATING SAW

### SS L20

#### ADVANTAGES

- 18V cordless reciprocating saw with a powerful 785 motor.
  - Quick blade change system with universal insertion.
  - Cutting depth regulator
  - LED worklight for a safer and clearer workplace.
  - Specially suited for all types of wood / pruning / logs / pallet restoration / metal sheets & profiles / PVC and cast iron. Also for construction materials like bricks / drywall & fibrecement.
  - Speed regulator trigger.
  - Pendular regulator, to adjust the cutting orbit to the material. The bigger the orbit the faster the cut, but also coarser, for PVC and soft wood.
- The smaller the pendular movement the slower the cut, while preserving a good finish. Specially indicated for iron and hard materials.
- Anti sliding body, lightweight and ergonomic.
  - Great cutting capacity
  - STAYER Li-ion HIGH-TECH Battery, from the L20 Series with overload, battery discharge, overheating and short circuit protections. LED battery level charge.

#### DATA SHEET

Lithium battery voltage	18 V
Battery capacity	2.0 / 4.0 Ah
No load speed	0-2600 min <sup>-1</sup>
Saw displacement	22 mm
Battery load time	60 min
Max cutting capacity	180 mm
Max metal profiles cutting capacity	100 mm
Max solid metal cutting capacity	10 mm
Max aluminum cutting	25 mm
Weight	1.7 Kg
