

DOUBLE MOTOR VACUUM CLEANER

BVAC 2400 DM

ADVANTAGES

- Professional vacuum cleaner with 2 motors of 1200W each for a total power of 2400W, with HEPA filter for solids and liquids, specially designed to be connected to other tools to vacuum the dust generated during work such as hand or wall sanders.
- Integrated power supply connection for tools (2000W) to vacuum dust and debris generated by other tools simultaneously.
- Semi-automatic filter cleaning system: blocking the suction tube while pressing the cleaning button.
- Drain hose to empty the tank when vacuuming liquids. Floating buoy to warn when the tank is full.
- The vacuum cleaner includes a complete set of accessories including a set of 4 wheels for easy transport and handling of the hoover.
- Industrial vacuum cleaner, HEPA filter allows suction of dust, pollen and dust mites as well as damp surfaces. It is resistant to corrosion and dirt.
