

DEMOLITION HAMMER HEX 30 MD 15 BK

ADVANTAGES

- Powerful 1750W demolition hammer with HEX 30 insertion for heavy-duty demolition, construction and renovation work.
- Non-rotating impact motor with high impact energy (45J) for maximum demolition performance.
- Double anti-vibration system:
- Spring system on the HEX 30 insert to reduce vibration during work.
- Double VAT: shock absorption system on the handle for increased comfort on long jobs.
- Compact and aerodynamic design to reduce fatigue and make work easier.
- Additional adjustable handle for complete control of the tool during work.

Cod. 1.2377
