

IMPACT WRENCH

IW 500 DK

ADVANTAGES

- Impact wrench with a powerful 1050W motor and a tightening torque of 500 Nm.
- Professional design aimed for industrial and heavy duty works: aluminum head & glass fibre polymere on the motor and handle for an increased lightness & durability.
- Specially meant for vehicle wheels assembly and scaffolds and structures building, as well as screwing directly on concrete or wood.
- Reversible by trigger, change from screwing to unscrewing without lifting a finger from the trigger and without slowing down the workspace.
- Adjustable tightening torque by electronic microprocessor with a L.E.D screen that allows torque control in 10 Nm gaps from 150 up to 350 Nm on screwing and a fixed 500 Nm torque for unscrewing.
- Anti-vibrations ergonomic handle for an improved comfort and user's security.

DATA SHEET

Power	1050	W
No load speed	0-2200	min ⁻¹
Tightening torque	150-350 / 500	Nm
Insertion	1/2"	UNF
Weight	3.5	kg

INCLUDED

- x4 Socket spanner
ø17 / ø19 / ø21 / ø22 mm.
- PE-HD carry case
