

RECIPROCATING SAW

SS 210 B

ADVANTAGES

- Reciprocating saw, equipped with a powerful 1050W motor.
- Universal blade insertion with a quick saw change system.
- Rotary handle to better adapt to all kinds of cuts and workplaces
- Electronic 6 speeds regulator to match every work condition. High speeds are indicated for soft materials where the finish is not relevant, while low speeds are used for hard materials, leaving a cleaner finish.
- Suitable for all kinds of materials depending on the used saw: metals, wood, laminated floors, plastic, brick and fibre glass.
- Rubber coated housing for a comfortable, safe and vibration-free grip.
- Tool-free adjustable depth regulator and support.
- L.E.D worklight for dark workspaces.
