

WELDING

WELDING MASK

GS - 0B

ADVANTAGES

- In accordance with Directive 89/686/EC and European standards EN175/EN379.
- Suitable for all welding work: shaded filter EN169 with fixed DIN 11 grade.
- Lightweight mask with Nylon 801 polymer for high resistance against impacts

DATA SHEET

Filter size	108 x 50 mm
Vision area	93 x 40 mm
Protection grade	11 DIN
Protection UV/IR	11 DIN
Temperature use threshold	-5°C - 55°C
Weight	500 gr.
Safe use filter time	2 years
