

VACUUM CLEANER

VAC 2050 C

ADVANTAGES

- 1200W professional vacuum cleaner with HEPA filter for solids and liquids, specially designed to be connected to other tools to vacuum the dust they generate during work such as hand or wall sanders.
- Integrated power connection with auto start for tools (2000W): When you switch on your tool the vacuum cleaner will automatically switch on at the same time for a clean and continuous work flow.
- 8 second shut-off delay for complete vacuuming of debris, ensuring no debris is left inside the tube or on the tool when the job is finished.
- Drain hose included for easy removal of liquids.
- Slow start motor to extend the life of the hoover.
- The vacuum cleaner comes complete with a full set of accessories including a set of 4 wheels for easy transport and handling.
- Industrial vacuum cleaner, HEPA filter allows suction of dust, pollen and dust mites as well as damp surfaces. It is resistant to corrosion and dirt.
