

VACUUM CLEANER

VAC 2030

ADVANTAGES

- 1200W professional vacuum cleaner for solids and liquids, specially designed to be connected to other tools to vacuum the dust they generate during work such as hand or wall sanders.
- Integrated power connection with automatic start for tools (2000W): When you operate your tool the vacuum cleaner will automatically switch on at the same time for a clean and continuous work flow.
- 8 second shut-off delay for complete vacuuming of debris, ensuring no debris is left inside the tube or on the tool when the job is finished.
- Slow start motor to prolong the life of the vacuum cleaner.
- The hoover comes complete with a full set of accessories including a set of 4 wheels for easy transport and handling of the vacuum cleaner.
