

MITRE SAW WITH UPPER SAW BENCH

SC 250 IW

ADVANTAGES

- Mitre saw with upper cutting table for Widia discs $\varnothing 250$ mm. with powerful 1200W induction motor. The induction motor reduces energy consumption as well as noise, it increases the tool's performance and its work life.
- Height of the upper table can be adjusted by means of screws to adjust the cutting depth.
- Applications depending on the blade used: wood, aluminium, laminates, PVC and plastic.
- Structure made of 3.2 mm thick cast aluminium to make the tool more robust and lighter.
- Reinforced snode, manufactured in a single piece not fixed to the base, to increase the resistance and work life of the tool.
- Versatile tool, it allows precise straight cuts, mitre cuts, bevel cuts as well as straight cuts on the upper table.
- Its different protection systems make it a safe machine, its blade guards prevent accidental contact with the blade.
- Extendable support to facilitate the cutting of long pieces.
- Predisposed for mounting vertical clamps.
- Swivel base with 5° locking.
- Predisposed for dust extraction by connecting an external dust extraction system.

DATA SHEET

Power	1200 W
No load speed	2900 rpm
Disc	$\varnothing 250 \times 30$ mm
Weight	16.5 Kg

Max. cutting capacity: Length per Height (L x H)

Die 90°	Mitre 45/90°	Bevel 90/45°	Compound 45/45°	Upper Table
				
135x55 mm	90x55 mm	125x45 mm	65x45 mm	0-45 mm

INCLUDED

- Widia TCT disc
- 2 Cutting support extenders
- Service spanner.
- Vertical clamp
- Blade guard
- Dust bag
