

INGLETADORA DISCO ø315 mm SCC 315 W

ADVANTAGES

- Mitre saw with top cutting table, with 2000W motor for ø315 mm discs. Belt transmission, the machine is quieter and more efficient.
- Applications depending on the blade used: wood, aluminium, laminates, PVC and plastic.
- Base and upper table made of aluminium to increase the lightness and strength of the machine.
- Versatile tool, it allows precise straight, mitre and bevel cuts as well as straight cuts on the upper table.
- Its various protection systems make it a safe machine, thanks to its blade guards that prevent accidental contact with the blade.
- Predisposed for the use of a horizontal clamp. It also includes a vertical vice to hold the workpiece.
- Automatic locking of the rotary table at -45 / -30 / -15 / -7.5 / 0 / 15 / 30 / 45 / 60°.
- Predisposed for dust extraction by connecting an external dust extraction system. Dust bag included.
