

ANGLE GRINDER BRUSHLESS AGBX L20

ADVANTAGES

- Ultralight 115/125 mm Angle Grinder powered by 18V battery, with powerful brushless BRUSHLESS motor.
- Electronic constant speed system
- Electric braking system in less than 2 seconds.
- Safety clutch that reduces the reaction in case of jamming or stopping. This protects the user by preventing them from being pulled and causing injury.
- Optimal cooling with mesh grilles that restrict the entry of dust.
- Powerful brushless motor that increases efficiency, significantly reducing heating and considerably increasing motor life and battery life
- Adjustable handle on both sides, narrow and ergonomic grip, for greater comfort.
- Progressive start to avoid the initial pull of the tool, creating a safe and more comfortable work space.
- STAYER Li-ion HGH-TECH battery, L20 with protection against overcharging, battery discharge, overheating, short circuit. Charging indicator LED.
